☐ Please check if any of the above information has changed since previous year.

II. MINING AND RECLAMATION

1. Was the mine active during the past year? Yes ☐ No ☒

2. If active, how much ore or mineral was mined? _____

3. How much new or additional acreage was affected during past year? 0 (DOGm).

4. Briefly describe any new or additional surface disturbances that occurred during the past year. This description should include the type of work performed, and volume of material moved.

All materials used for the reclamation of our tailings
impoundments were taken from #1's 2 and 4 borrow areas
as approved by BLM. 425,424 BCY of clay and silt
were removed from these areas in 1991.

5. How much acreage was reclaimed during past year? 1/2 Acre (DOGm)

6. Briefly describe the reclamation work performed during the past year. This description should include methods employed, and an evaluation of the results.

Reclamation of the upper tailings and construction of No.1
groundwater evaporation pond was completed in July and
the lower tailings were stabilized by November. Reclamation
at our Vent Shaft (DOGm) was partially completed.

7. What is the total disturbed acreage at years end? about 3 (506m)
8. Briefly summarize mining and reclamation planned for the upcoming year.
We plan to complete the reclamation of our lower tailings impoundment and reduce the outslope of the lower tailings dam. We will also construct a second (254c.) evaporation pond on top of the reclaimed lower tailings. We plan to also complete reclamation at the Vent Shaft (506m) in 1991.

NOTE: Section III., "Additional Information" applies only to large mining operations.

III. ADDITIONAL INFORMATION

1. An updated surface facilities map should be attached if there have been significant changes since the previous map was submitted.
2. Any monitoring results or other reports that are required under the terms of the approved notice of intention should also be attached.

Re: Annual Report for 1991

Dear Mr. Hedberg:

As required by Rules R647-003-116 and R647-004-121 of the Division's Amended and New Rules, Minerals Reclamation Program, our completed Form MR-AR is enclosed for your records. The maps submitted with last year's report show the areas that are still being worked for the reclamation completed in 1991.

If you have any questions, or need additional information, please call or otherwise communicate.

Yours sincerely,

R. S. Pattison
Manager
